 - Birth of Japan's Postwar Constitution. Shoichi, Koseki, edited and translated by Ray A. Moore. Boulder, CO: Western Press, 1997. ISBN 9780813331621 OCLC 36187653
 - Translation of Shun Kenpo no tango. This 1989 Yoshino Sakuzo prize-winning book is essential reading for understanding Japan's postwar constitution, political and social history, and foreign policy. The most complete English accounts of the origins of Japan's constitution, it analyzes the dramatic events of 1945-1946 that lead to the birth of Japan's new constitution. Koseki Shoichi challenges the simplicity of the current interpretation that General Douglas MacArthur's actions, the Ashida amendment of Article 9, Yoshida's role, and much more. Criticizing Japanese conservative defenders of the old order, he explores Japanese liberal and socialist ideas on constitutional reform and reevaluates the Far Eastern Commission's influence on MacArthur's policies and on the shaping of the basic principles of Japan's postwar constitution.
